Wallace & Co's Circus.

The circus Saturday was practically all that was advertised, and gave general satisfaction. It was the largest show that ever came to Detroit, and it had good features, its tent was new, its horses very fine, its costumes clean, and everything first-class. The ascent in the balloon alone was worth the cost. Before dropping, the aeronaut had gone up until he looked like a doll, and his descent, as well as that of the balloon, was watched with intense interest. An immense crowd attended, the afternoon performance being witnessed by over 4,000 spectators. We have heard only good words spoken of the show. (Detroit Free Press.)

"Spring would be but gloomy weather. If we had nothing else but 'Spring'."

Is no extravagant talk, but real good common sense. Don't we enjoy and appreciate the beautiful sunshine more, after having the long seige of dark, rainy weather of the past? This is applicable to many things in life. For instance, you have in your sitting room, bed room or any other room in the house, a dark, dirty, dingy, dismal paper on the wall, while your paint is dull, disagreeable, dead-looking, and yourself, family and even visitors, have long since got almost sick looking at them. Well—

SCHLEGEL

has been there, and has transformed the same rooms into marvels of beauty, put on clean, cheap, comfortable-looking paper, put paint on with such artistic taste! The rooms are inviting as well as inexpensive—a something that Schlegel fears no opposition in. He can please you. See him.

Y. M. C. A.

The meeting for men at the Club Rooms are open for all men, whether old or young, and an invitation is extended to every one.

The leader, W. L. Helvestein, and others gave some interesting talk along the line of "Duty and Privileges of Christians." The remarks were good and had a tendency to strengthen and help young as well as older Christians. Next Sunday there will be a leader probably from the Baptist church. Time 3 o'clock, p. m., place Commercial Club Rooms.

On Friday Taze Richardson, Harrison Tade and Jo. Coburn, white, and Noah Reaser, colored, were arrested near Jeffersonville and brought before Judge Groves, charged with cutting and wounding Silas Amburgy. It seems the difficulty occurred about the middle of March, but they escaped arrest till now. Their trial was set for to-morrow and in default of bail they were sent to Castle Tipton for safe keeping.

RELIGIOUS.

Elder P. G. Lester, of Virginia, will preach at the Southern Presbyterian church on Saturday and Sunday, April 18 and 19, morning and evening. To these services a cordial invitation is extended to all. Services Saturday morning at 10:30 and evening at 7 o'clock; Sunday at 11 a. m.

First Presbyterian church, this city raised for the year ending March 31, 1891, \$1,500 for congregational purposes; \$182.00 for different Boards of the church. \$127.00 for the Sabbath School, membership 89. Last Sabbath there was an attendance of 75 at Sabbath School and good congregation to hear Rev. H. L. Nave, both morning and evening.

The meeting which has been in progress at the Christian church for a week past is daily growing in interest. Full houses and close attention are greeting the minister nightly. On Sunday night the house was packed to its utmost capacity, the aisles being filled with seats to accommodate the crowd and even then many were turned away from the door unable to get seats. The song service at these meetings is of a delightful character and every lover of music, whether members of this church or another, are taking part in them. The invitation is cordially extended to all to come out and meet with us. Thus far there has been but one addition to the church, but the interest is daily growing and large results are confidently looked for.

Frank Wells, of Peasiecks, Bath county, was arrested on last Wednesday evening by Deputy Sheriff J. G. Richardson, on an indictment for embezzlement in this county. After remaining in jail two or three days he gave bond, but as soon as released was re-arrested by Deputy Sheriff Ratliff and taken to Frenchburg, where there are three indictments against him for same offense. He represented himself as a physician and surgeon for several rail road companies, and by his false representations had collected many dollars from the people of Montgomery, Bath, Menefee and other counties. It is the duty of each County Attorney to prosecute such embezzlers before any court, where complaint is made to him by the State Board of Health or any other person.

The board for this county is composed of Dr. E. C. Bright and Dr. G. N. Cox, of this city and Dr. N. F. Pierce, of Spencer, whose duty it is to look after embezzlers. There are several others who will get the same attention some of them wholly unexpected. The law is plain and emphatic and the board will surely do its duty.

On Sunday Chicago suffered one of the most destructive conflagrations since the great fire of 1871. The fire, like the famous one of 20 years ago, started in a stable and was almost in the center of the city. Although buildings on both sides of the street were on fire, the splendid work of the fireman kept the flames within bounds. The loss is nearly \$1,000,000, the principal buildings destroyed being John M. Smythe's furniture manufactory and Kohl & Middleton's Dime Museum. There was a panic among the freaks, who were on exhibition on the third floor of the latter place, and the 800 pound fat woman was saved with difficulty. One life was lost, and a number of persons were injured.

Call on or address me, with order, at Spencer, and oblige

Peters & Scobee have their stallion advertisement in this paper and they have a good lot. Witherspoon is a handsome chestnut horse, 16 hands high and of extra finish and style. He was sired by the great Harrold, dam Lizzie Witherspoon (dam of Fannie Witherspoon, 2:16), and the world's record for 4 m. in 4:43 by Wagner. In Witherspoon you not only have a fine looking but a finely bred horse that has shown that in speed, both in sire and dam. He is a horse that should breed not only fine horses but speeding ones. His service fee is low. Ruler Wilkes is a coach stallion of the best order. Sired by Idol Wilkes (sire of J. H. L., 2:20 1/4), dam by Vidette (sire of the great show horse, Vindex). Breeders wishing to raise fine roadsters should see this horse before making their engagements. For saddle horses they have Montrose, brown, 16 hands high and good saddle horse. Montrose is said to be one of the finest saddle stallions in the country. Our readers are cordially invited to call and see these stallions at Oakview Park.

John T. Woodford has the stallions making the season of 1891 at Woodford Farm advertised in this week's issue. Mr. Woodford has for a long time been known as one of the foremost breeders of saddle horses in the country. He has raised and sold many high priced saddlers as anyone in Kentucky. For the season of 1891 he has still some royal stallions making the season and all at very reasonable fees. Do not fail to see his horses before booking your mares. Mr. Woodford this year, for the first time, has a trotter of royal blood making the season. Neatwood is a bay horse, 16 hands high, of fine appearance and shows great speed. He was sired by Nutwood, 2:18 1/2, (the greatest living stallion and whose service fee is \$1,000), 1st dam Nora Norman (dam of Ocala, 2:27 1/2, and of 3 producing daughters) by Blackwood, 2d dam by Norman. In Neatwood Mr. Woodford has a great horse. He is not only bred right but also sires speed. Mr. Throop, of Illinois, has a yearling by Neatwood that showed a 2:50 gait last fall and there are others in that State that show great speed. It is more than likely that this year will see Neatwood in the great table as a producing sire. His fee, considering his breeding and prospects, is very low. Breeders will do well to see this great young stallion.
